NOvA Online Monitoring - Bug #4469

MAKE CLEAN UP ROOT FILE SCRIPTS!

07/31/2013 02:42 PM - Michael Baird

Description

I am embarrassed to admit that I still haven't done this (I've been cleaning up these files manually.) A script needs to be put into place that cleans up all root files older than 2 weeks for the FarDet and NDOS. This also will apparently involve getting running this script into the cronjob AND getting it into a list of items that should be in the cronjob (otherwise it will be removed from the cronjob - contact Denis P. about this???)
