Target version:		Spent time:	0.00 hour
Description			
<p>These plots were added but Peter didn't think they looked very useful since 500 usec was a "long time." These plots could possibly be made better by asking how often hits occur within the same FEB within a shorter time interval (1 usec or whatever) but Peter never got back to me on this. Plus that would be kind of difficult to do...</p>
