

ATC - Bug #4584

Observability strip chart code should be modularized

08/26/2013 01:37 PM - Rollin Thomas

| Target version: | | | |
| Description | | | |
| Right now it is just stuck in as embedded scripts in field/target templates, restricting usage. Also, the observability strip chart for a target should be renderable in more contexts, so making a single strip chart should just be a function call. | | | |
