

Elog - Idea #4615

E-mail entry confirmation/self-copy

09/04/2013 05:24 AM - Cindy Joe

Description			
<p>I tried the "email entry" function for the first time just now. It would be nice to have some kind of confirmation that the e-mail was sent (say, maybe like Gmail does, with a small line like "your email was successfully sent" at the top of the screen for a few moments). Right now, it just sends you suddenly straight back to the elog.</p> <p>I don't think that's a problem if you're adding an entry, because you can check the elog itself to see if it was successful. But with an e-mail you can't really know unless you get a reply.</p> <p>Oh, here's another. Because there's no other record, it might be nice to add an easy way to send a copy to yourself. Of course you can CC your own e-mail address, but a checkbox at the bottom would be a nice touch.</p>

History

#1 - 09/12/2013 01:32 AM - Kyle Hazelwood

- Status changed from New to Accepted

Will do.

#2 - 09/15/2014 03:07 AM - Kyle Hazelwood

- Tracker changed from Feature to Idea

#3 - 09/15/2014 05:18 AM - Kyle Hazelwood

- Category set to Server

- Status changed from Accepted to Feedback

- Assignee set to Kyle Hazelwood

Released this morning. Users can enable/disable self BCC with a checkbox. It is enabled by default.
