

Elog - Bug #4643

Search with time range selected

09/16/2013 12:10 PM - Chris Jensen

Status:	Closed	Start date:	09/16/2013
Priority:	High	Due date:	
Assignee:	Kyle Hazelwood	% Done:	0%
Category:	Server	Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
I did a search for a time which did not include the time range selection on the main page and came up with no results. When I change time range to none, I got the expected results. I would expect that if I explicitly enter a date range the option on the other page should be ignored.

This is a known bug that unfortunately slipped through the cracks. I'll take another look at it tonight.

- Status changed from Assigned to Closed

Fixed. Logic problem with searchEntries portion of doGet method.
