

NOvA Online Monitoring - Feature #4674

OnMon viewer masked channels

09/24/2013 11:24 AM - Michael Baird

Status:	New	Start date:	09/24/2013
Priority:	Low	Due date:	
Assignee:	Mark Messier	% Done:	0%
Category:		Estimated time:	4.00 hours
Target version:		Spent time:	0.00 hour
Description			
Have the viewer load a predetermined list of channels that are to be ignored, and draw an X or something like this through those channels so that shifters (and other) don't keep reporting on hardware that we already know is bad.
