Description			
Email from Andy Hocker:			
I'm a bit confused by this, maybe you can help:			
Go to the e-log and search for entries from the user Giovanni Tassielli. You will find 5 entries and they are all tagged with "Log: IFTB".			
Then clear everything out and ask to display all IFTB log entries, and do a ctrl-F search for "tassielli." You will only find three entries.			
What happened to the other two?			

History

#1 - 10/03/2013 12:23 PM - Kyle Hazelwood

- Status changed from New to Closed

By default the elog will not show more than 100 entries at once. When refined only by IFTB there are ~400 entries. Select "Next 100" to view more or you can choose to increase the limit.
