<b>Description</b>			
Idea:			
Don't show entry/comment numbers next to entries.			
If they are there to enable entry linking, instead I would suggest adding the entry/comment link to the date tag. That way people may right click on the date and "Copy Link Location" if they want the URL for a post.

I removed the entry/comment numbers from the buttons location. The comment id is hidden entirely whilst the entry id is listed at the bottom of the entry.
