

Elog - Idea #4795

"Next/Prev 100"

10/15/2013 04:23 PM - Matthew Gardner

Status:	Feedback	Start date:	10/15/2013
Priority:	Low	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:	Version 2.0	Spent time:	0.00 hour
Description			
If you go back a few hundred entries in the logbook and are reading chronologically forward in time, if any new entries were made between getting to "&offset=200" and "&offset=100", you'll miss a few entries because whatever used to be entry 199 became entry 200. Perhaps use the starting post # instead of the offset from newest post?			

History

#1 - 10/16/2013 06:12 AM - Kyle Hazelwood

- Status changed from New to Accepted

I'll look into implementing something like this.

#2 - 08/24/2018 01:14 PM - Kyle Hazelwood

- Status changed from Accepted to Feedback

- Target version set to Version 2.0

I've implemented new fields for min/max entryId and commentId.
