ups - Support #4951

Is it possible to get a full dependency tree from ups depend?

11/14/2013 11:24 PM - Christopher Green

I'd like to be able to get the full dependency tree instead of one that's been transitively reduced. Is that possible without manual iteration?

Thanks,
Chris.

Chris,

ups depend -B should give the full dependency tree, with all the glorious repetition.
It should also sqwalk about inconsistencies.
