

Fermi Redmine - Bug #546

update project page with URLs on repository creation

06/28/2010 04:44 PM - Marc Mengel

Status:	New	Start date:	06/28/2010
Priority:	Normal	Due date:	
Assignee:	Marc Mengel	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Script that creates repositories should put info about how to reach them into the site somewhere -- possibly add links to the project description?			
There's code in mediawiki2textile to upload pages to redmine already...
