

SeaQuest Distribution - Feature #5524

Allow externals to be shared

02/26/2014 01:49 PM - Brian Tice

Status:	New	Start date:	02/26/2014
Priority:	Normal	Due date:	
Assignee:	Brian Tice	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:			
Description			
<p>If a user installs seaquest software the script should attempt to use the externals from the common installation on /seaquest. It should look for each external package separately. Provide a force build option in case the user wants their own custom geant4 or something.</p>
