<b>Description</b>			
The SSI dept is planning on leveraging CMS experience with the Jenkins continuous integration system. We would like to be able to integrate with Redmine, and we understand a module is available. Could this be included with the next redmine update, please?			

#### History

##### #1 - 03/06/2014 10:09 AM - Marc Mengel

It's the "Hudson" plugin, which is already installed... (Jenkins used to be known as "Hudson"...) Although there may be a newer version; I can look into that.
