

MINERvA Software Infrastructure - Review Request #6146

Review Request # 6135 (New): Data Management Workflow Umbrella Task

End of Run Validation

05/02/2014 10:43 AM - Gabriel Perdue

Status:	Closed	Start date:	05/02/2014
Priority:	Normal	Due date:	09/02/2014
Assignee:	Heidi Schellman	% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
"By-hand" validation should be replaced by checks made on the worker node at the end of a job and by rules for the FTS.			

History

#1 - 02/23/2015 02:26 PM - Daniel Ruterbories

- Status changed from New to Assigned
- Assignee set to Heidi Schellman
- % Done changed from 0 to 100

Heidi implemented sam declaration on worker node. This should ensure job at least completed...
