

Synergia2 - Bug #6399

polygon aperture fails to cut particle at 0 that is outside of aperture

06/02/2014 09:59 PM - Eric Stern

Status: Closed	Start date: 06/02/2014
Priority: Normal	Due date:
Assignee:	% Done: 0%
Category:	Estimated time: 0.00 hour
Target version:	
Description if there is no minimum radius set and the particle is at 0, the polygon aperture code is not run because of an > check instead of >=.
