#### Description

Hi Parag,

FYI:

jobsub\_q.py -G <group>

doesn't show the list of submitted jobs to "non owner".

Dennis has found the bug and fixed it:

"I confirm I cannot see your jobs when I do a -G uboone, let me see if I can find the bug

yes I can see its adding a constraint to condor\_q that shouldnt be there -constraint 'regexp("group\_uboone.\*",AccountingGroup) && Owner=="dbox" && True'

4:54

the Owner=='dbox' wasn't asked for"

We have tested it on fifebatch-dev

You should decide if we can release it to production before workshop

Thanks,  
Tanya
