

uBooNE Utilities - Feature #7043

Separating functions done by --check.

09/22/2014 01:37 PM - Herbert Greenlee

Status:	Closed	Start date:	09/22/2014
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
1. Merging histogram files should be a separate action from --check/--checkana, e.g. --merge. Furthermore, it should be possible to specify merging only histograms, or histograms and ntuples.			
2. Checking art files using --check should not check histograms, i.e., make --check disjoint from --checkana.			

History
