#### Description

This would have been caught earlier with a better minerva-specific test that set up their user environment. Ken just noticed it, the fix is fairly easy and should be in the next release.

#### History

##### #1 - 10/01/2014 02:23 PM - Kenneth Herner

While I'm thinking about it, would the same problem also apply to other experiments with their own specific options, such as NOvA, LBNE, and Minos?

##### #2 - 10/02/2014 02:09 PM - Dennis Box

- Description updated

- Status changed from New to Resolved

- % Done changed from 0 to 100

resolved in branch 7096, merged to master.
