I don't quite understand this one. I'll look into it further.

#### #2 - 02/20/2015 10:48 PM - Kyle Hazelwood

- Status changed from Assigned to Closed

The elog is saying the url is incorrect which is true because you can not navigate to ...Elog/addEntry because it is a POST request not a GET request. I don't know how this could have happened unless it was typed into the browser window.
