

SAM Web services - Feature #7430

Add data file queries to browser

12/04/2014 10:57 AM - Robert Illingworth

Status:	Assigned	Start date:	12/04/2014
Priority:	Normal	Due date:	
Assignee:	Michael Gheith	% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
Description			
Add a (relatively) simple query for data files to the browser. This could make simple queries using the existing dimensions list files ability, or alternatively add a new interface for doing basic filter style queries. Either way, it needs to add pagination since the results can potentially be very large.			

History
