

uBooNE DAQ - Bug #7542

DAQApplicationManager --- sebApps sometimes fail to start

12/18/2014 10:37 AM - Wesley Ketchum

Status:	New	Start date:	12/18/2014
Priority:	Normal	Due date:	
Assignee:		% Done:	0%
Category:		Estimated time:	0.00 hour
Target version:		Spent time:	0.00 hour
component:	base		
Description			
sebApps, especially on seb07 and seb08 it seems, sometimes fail to start with following error:			
sebApp: error while loading shared libraries: libganglia-3.2.0.0.so.0: cannot open shared object file: No such file or directory			
Usually a second call to start them works.
