

art - Feature #890

Review linking of shared libraries.

02/01/2011 04:26 PM - Christopher Green

Status:	Closed	Start date:	02/01/2011
Priority:	Normal	Due date:	
Assignee:		% Done:	100%
Category:	Build System	Estimated time:	0.00 hour
Target version:	1.01.00	Spent time:	0.00 hour
Scope:	Internal	SSI Package:	
Experiment:	-		

Description

Ensure all of our libraries are linked correctly.

Should we be building libraries with **no** unresolved symbols?

How do we link with ROOT?

History

#1 - 12/09/2011 12:05 PM - Christopher Green

Briefly reviewed: consensus is to retain as New for now.

#2 - 07/24/2013 11:43 AM - Christopher Green

- Tracker changed from Idea to Feature
- Status changed from New to Resolved
- % Done changed from 0 to 100
- Scope set to Internal
- Experiment - added

We have had closed links for several months now, including ROOT.

#3 - 07/24/2013 01:16 PM - Christopher Green

- Target version set to 1.01.00

#4 - 07/24/2013 04:01 PM - Christopher Green

- Status changed from Resolved to Closed
