Target version:		Spent time:	0.00 hour
Scope:	Internal	SSI Package:	
Experiment:	-		
Description			
Use consistently and appropriately everywhere.			

History

#1 - 12/09/2011 12:00 PM - Christopher Green

- Status changed from New to Accepted
- % Done changed from 0 to 70

Most ART libraries have forwarding headers, but they are not used everywhere they should be and subsequently may have gone stale slightly in the face of recent developments.

#2 - 07/24/2013 04:44 PM - Christopher Green

- Status changed from Accepted to Rejected
- Scope set to Internal
- Experiment - added

Rejected upon further consideration due to the maintenance work involved. Usefulness is limited in a world without C++ modules.
