

VME BPM - Bug #9323

Problems with vmeserver on sybpm1

06/29/2015 10:43 AM - John Diamond

Status:	Closed	Start date:	06/29/2015
Priority:	Normal	Due date:	
Assignee:	John Diamond	% Done:	100%
Category:		Estimated time:	0.50 hour
Target version:		Spent time:	0.00 hour
Description			
Troy is having problems communicating with sybpm1 through vmeserver (backdoor). Added the controls VPN subnet to the Backdoor ACL but problems connecting still persist.			

History
