rbpm - Task #9885

Milestone # 9883 (Assigned): Setup test node

Submit network connection request

08/25/2015 09:22 AM - John Diamond

Status:	Closed		**Start date:**	08/25/2015
Priority:	Normal		**Due date:**	
Assignee:	John Diamond		**% Done:**	100%
Category:			**Estimated time:**	0.50 hour
Target version:			**Spent time:**	0.50 hour
Description				
Node is a MVME2434 with serial number 8367905.				

History

#1 - 08/25/2015 09:25 AM - John Diamond

- Tracker changed from Milestone to Task

#2 - 08/25/2015 09:48 AM - John Diamond

Node information from MISCOMP:

abpp3a (131.225.124.137)
00-01-AF-13-50-CC

#3 - 08/25/2015 10:11 AM - John Diamond

Submitted network connection request.
Requested that the node be renamed ubpmts and connected to wall jack TGC-200Y.
Help desk ticket REQ000000242594.

#4 - 08/25/2015 01:13 PM - John Diamond

- Status changed from Assigned to Closed

- % Done changed from 0 to 100

Mack finished configuring the switch port and gave me a cable.
