Category:		Estimated time:	0.00 hour
Target version:	Cosmic Rate Paper	Spent time:	0.00 hour
Description			

History

#1 - 08/26/2015 11:48 AM - Michael Weber

At the physics retreat this paper is in the 3rd wave of detector physics papers.
The thinking was that it does require efficiencies and systematics of higher level as it is measuring yields.

Trigger is the Strobe and/or Cosmic Paddle trigger.

#2 - 08/26/2015 03:04 PM - Herbert Greenlee

- Target version set to Cosmic Rate Paper

#3 - 02/01/2016 05:26 AM - Wesley Ketchum

- Category set to Mark For Removal

#4 - 02/05/2016 10:08 AM - Wesley Ketchum

- Category deleted (Mark For Removal)

#5 - 02/08/2016 11:08 AM - Ben Carls

- Project changed from Planning to uBooNE Detector Physics

- Target version changed from Cosmic Rate Paper to Cosmic Rate Paper
